

OUR KNOW-HOW BENEFITS OUR CLIENTS

Many clients come into Sisson and Kachinsky Law offices with a paper they got in court and little else. However, thanks to the Internet, we can pull up court records instantly from every Wisconsin county. We can verify court dates and conduct legal research without leaving our desks or being placed on hold by a clerk at the courthouse. Often we know a client's prior record better than they do. We take pride in being able to get information on a client's case faster and more accurately than ever before.

Knowledge and information are power. Clients hire us to represent them in criminal, traffic and bankruptcy cases because they know we can get the facts they need to make intelligent decisions. We never stop looking for new and better ways to serve our clients.

Our modern information systems and state-of-the-art website is proof that there is intelligent life on the Internet. If you or someone you know is in legal trouble, we can put the resources of the World Wide Web on your side.
